Empowering Communities Through Cooperative Retail

A Scalable Model for Economic Empowerment

CSC creates a community-driven retail experience that promotes economic equity and empowerment while preserving the rich culture and heritage of public housing through storytelling and partnerships.

By offering a scalable and replicable model, CSC aims to expand its impact through company-owned stores, licensing, and franchising across Chicago, the USA and even globally.

Revenue streams include product sales, consignment fees, event sponsorships, membership fees, institutional contracts, licensing royalties, crowdfunding contributions, and in-app purchases.

A portion of CSC's profits will be allocated to the Corner Store Co-op Foundation, CSCF to fund programs, grants, and investments that support the community and its stakeholders.

Beacons of Hope: Our Community's Guiding Light

With an experienced and passionate leadership team, strong partnerships, and a commitment to social impact, Corner Store Co-op LWCA is poised to revolutionize community-driven retail and economic empowerment in public housing communities and beyond.
